

The P.O.W.E.R. Collaborative Network (PCN) is a cluster of human social service and economic development providers working in the County of Los Angeles. South Los Angeles area human resources and community outreach specialists founded the PCN in January 2001.

Guided by the spirit and intent of the Workforce Investment Act, they formed this collaborative to deliver more efficiently and effectively essential life needs throughout the community. Thus, the acronym P.O.W.E.R. means **Promoting Opportunities With Essential Resources**.

The PCN members obtain useful human service data & innovative developments in socioeconomic services via monthly meetings at various member locations. Agenda topics cover discussions on job recruitment, funding, training, and other related human need interests.
