

Formed November 1, 2000, the **POWER Collaborative Network (PCN)** is a cluster of employment specialist & socioeconomic development managers resourcefully serving the County of Los Angeles. Coordinated with Public Law 105-220, Workforce Investment Act, the **PCN** advances essential humanitarian efforts, thus, the acronym **POWER** means **Promoting Opportunities With Essential Resources**.

The **PCN** employs face-to-face agenda topics covering discussions on job recruitment, funding, training, & other related human need interests.

Participants acquire useful marketplace data & innovative developments in the delivery of human services via monthly meetings held at various member locations.

Equally, the **PCN** employs the Internet as a collaborative learning tool by regularly sharing vital resources and opportunities with colleagues and the community at-large.
